7. Once you have received your e-mail confirmation, you can join the seminar directly from the e-mail invitation, which contains a “Join the meeting” link that automatically starts the Microsoft Office Live Meeting Client and connects you to the seminar. This link will be active 30 minutes before the scheduled start time of each event. **If this is the first time that you are joining a meeting, you may need to install the Microsoft Office Live Meeting Client before you can join the session.**
8. In addition to the link to join the Live Meeting, you will also receive a call-in number for the audio conference. **Participants must dial into the audio conference for the audio portion of the presentation as well as for the question-and-answer session.**

In addition to the question-and-answer session, by joining the live meeting, participants can also e-mail questions during the course of the seminar presentation.

Remember: Unlike previous deposit insurance seminars, you must log into the live meeting and call into the audio conference for the audio component of the seminar and the question-and-answer session.
